**Logistics Part 2:
Goods Receipts and Invoice
Receipts**

Course Objectives

This course will help you:

- Understand when to create Goods Receipts and Invoice Receipts
- Process Goods Receipts and Invoice Receipts
- Make adjustments to Goods Receipts and Invoice Receipts
- Finalize and cancel PO for outstanding quantities once a GR/IR is created

Overview of Purchasing Cycle

GR – What is it?

- indicates goods and/or services have been received (as specified in the P.O. document).
- can refer to either the entire P.O. or parts of it (i.e., partial shipment).
- is recorded on the **Purchase Order History** tab within the P.O., which provides a tracking mechanism indicating the status of the goods.
- Records as:
 - an **accrued liability** in **Financial Accounting**
 - an **actual** expense to the **Cost Center** or **Internal Order** in **Controlling** as well as Funds Center or Funds Center/Fund combination in **Funds Management (i.e., releases commitment)**

Note: As of September 1st, GR now posts as an actual to the FC or FC/Fund in Funds Management. This document will appear in Monthly Statement Accounts and all other FM reports.

GR – The Business Process

- Step 1:** Confirm goods delivered is related to a PO
- Step 2:** Verify the packing slip or delivery note information provided by vendor. If no **packing slip** is included, create your own **receiving/material report**.
- Step 3:** Recipient acknowledges that goods or services are in acceptable condition
- Step 4:** Create GR in FIS
- Step 5:** Record FIS GR document number on your supporting document
- Step 6:** File document(s) in accordance with **UofT File Plan**

Receiving Report

If goods are received without a packing slip, departments are required to create a **Receiving Report** as a substitute. The Receiving Report acts as the source document when processing a Goods Receipt.

When creating a receiving report, it must include:

- Supplier's name and address
- Receiving location (e.g., department's street address, building, room number)
- Quantity received
- Description of all items received
- Signature (and printed name) of the individual who inspected the goods
- Purchase Order number
- Is this a partial shipment?
- Indication that the goods have been received in good condition or are to be returned to the vendor, and if so, include a short explanation of the reason for the return
- Document number provided by the system once goods receipt is posted
