

Work Instruction

Create for Radioisotope

When to Use

To purchase radioisotopes material with a valid University permit. Radioisotope Purchase Requisition must be approved by Radiation Protection Services prior to ordering or receipt of the material.

Steps

1. Obtain the appropriate departmental request with authorization to create the purchase requisition
2. Determine the FIS accounts to be posted to (Vendor account, General Ledger (G/L), Funds Center, Fund (if applicable) and Cost Center or Internal Order, applicable tax code, delivery date and quantity to order)
3. Create purchase requisition in FIS
4. Record FIS purchase requisition number on your departmental request documents
5. Radiation Protection Services will review FIS daily at 10:30am and release all orders that meet the requirement for approval. Departments whose requisitions do not meet the criteria for approval will be contacted by a Radiation Safety Officer
6. Create Purchase Order from approved Purchase Requisition. Click [here](#) for instruction on Create: Purchase Order
7. Send copy of Purchase Order to vendor through arranged method: fax, e-mail, mail.

Note

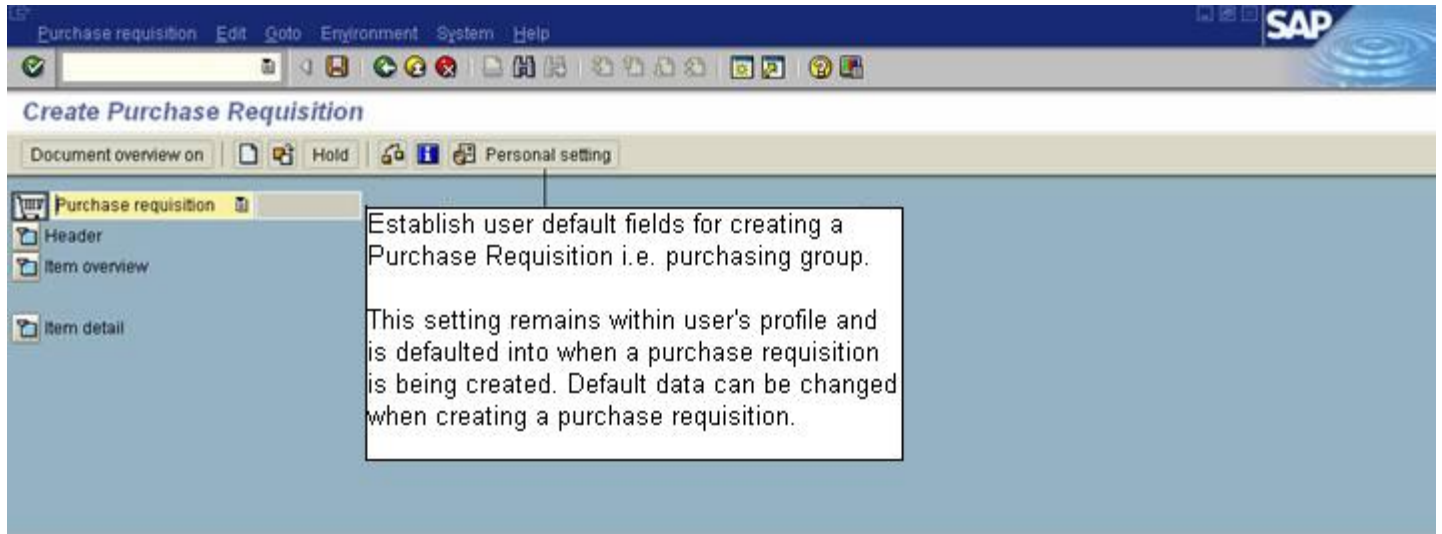

The SAP input screen for this transaction contains many fields/tabs, this reference guide will only include information for those fields/tabs that are used in processing UofT transactions.

Detailed Procedures for Creation in FIS

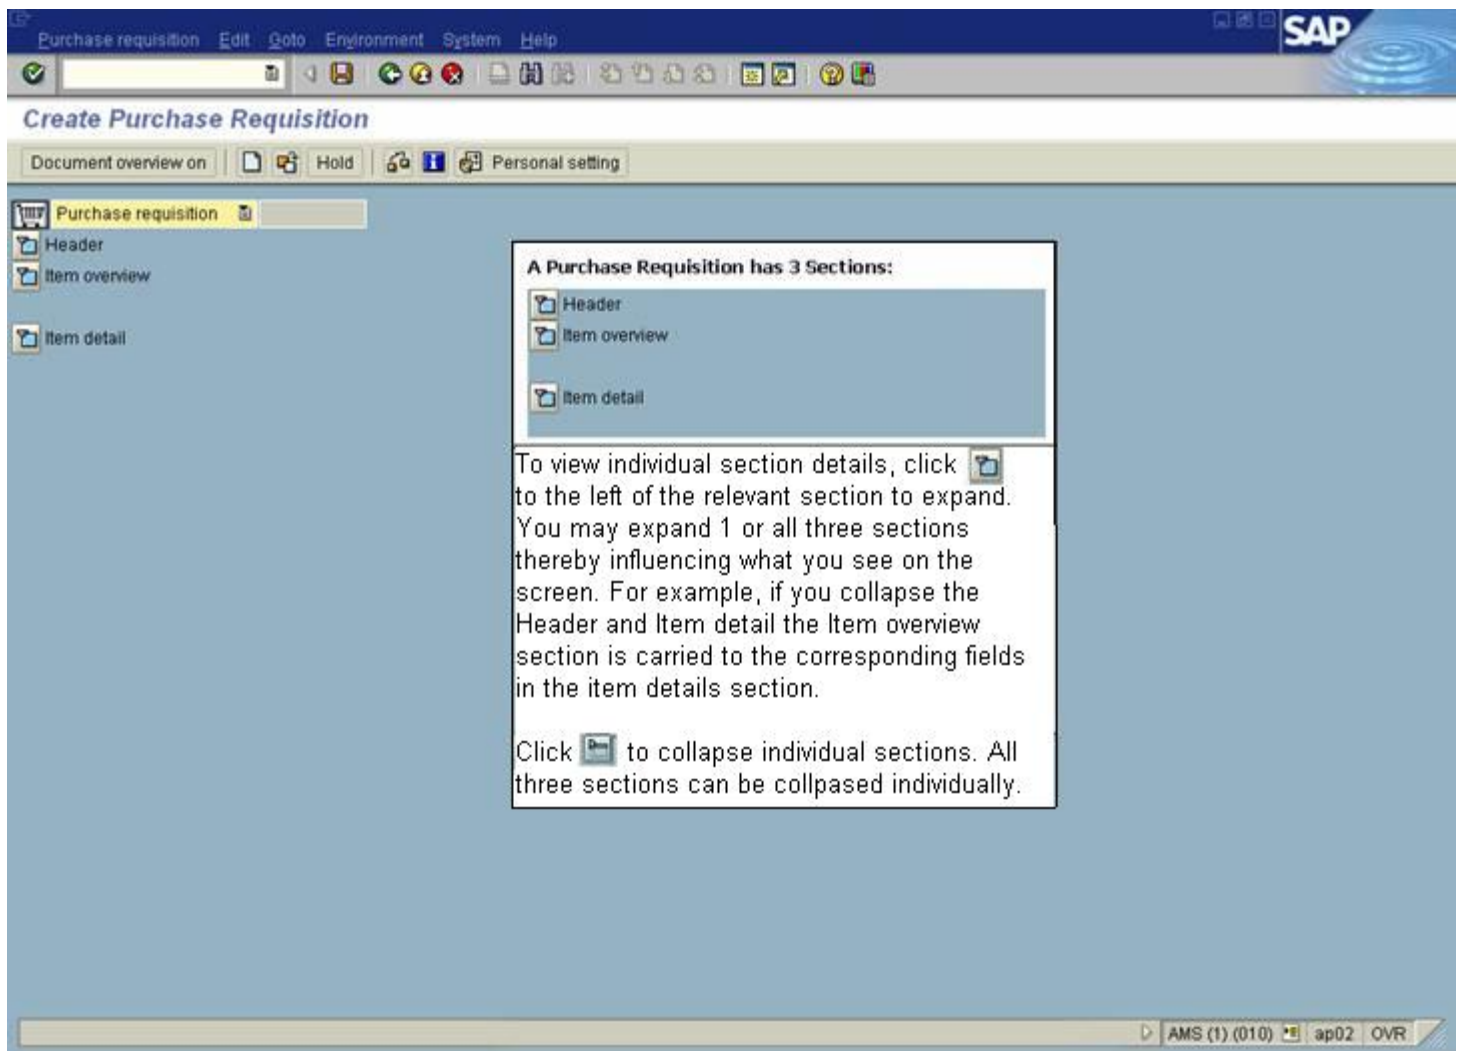

Access the transaction using:

Menu	Logistics >> Materials management >> Purchasing >> Purchase Requisition >> Create
Transaction code	ME51N

Screen: Create Purchase Requisition

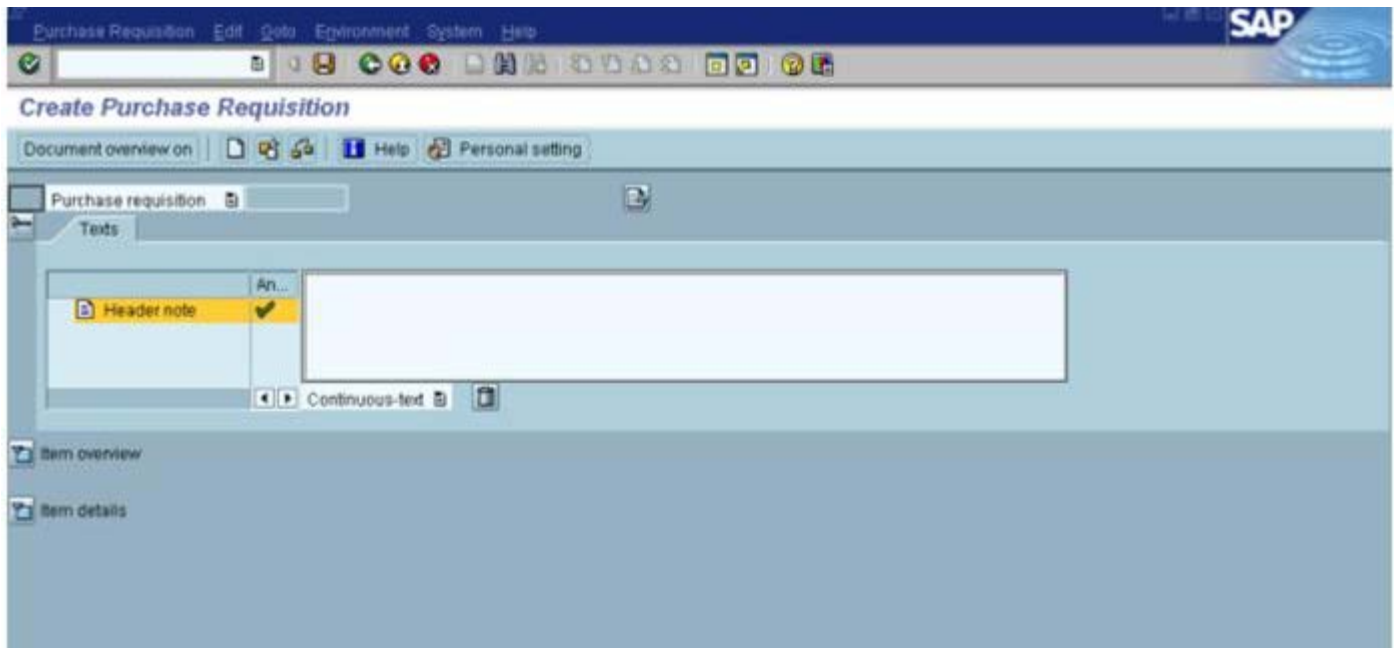

Click [here](#) for reference guide on setting your Personal setting.

Screen: Create Purchase Requisition

Header Text Tab

Field Name	Required (R) / Optional (O)	Description of Field Content
Header note	O	Enter internal note related to purchase requisition. This note provides a subsequent processor with information applicable to the entire requisition and this text is NOT displayed on purchase order.

Item Overview

Field Name	Required (R) / Optional (O)	Description of Field Content
Item (Item of Requisition)	O	Enter line item number. As a rule, requisitions are processed on an item-by-item basis. This means that each item of a requisition represents a separate requirement.
A (Account Assignment Categor)	R	Enter K (cost center) or F (internal order). For other account assignment category use matchcode  button for possible entries.
Short text	R	Enter a short description of the materials.
Quantity (Quantity Requested)	R	Enter quantity requested in numeric format.
Unit (Unit of Measure)	R	Enter unit of measure to determine the size of material requested , for example microcuries (uCi), millicuries (mCi), megabequerels (Mbg) use matchcode  button for possible entries.
Delivery Date	R	Enter desired delivery date or a confirmed delivery date by the vendor.

Material Group	R	Enter material group, use RADIATION
Plant	R	Code should be within 1XXX or 2XXX. Use matchcode  button to find your Plant code; if a specific one is not available, use general campus code (ie. 1000 for Scarborough Campus, 1500 for Mississauga Campus 2000 for UoFT St. George Campus).
Stor.loc. (Storage Location)	R	Enter your storage location, if unknown use matchcode  button for possible entries.
PGr (Purchasing Group)	R	Enter your purchasing group, if unknown use matchcode  button for possible entries.
Requisnr	O	Enter name of requisitioner.
TrackingNo (Tracking Number)	O	This is an open text field that can be used to further track postings. (10 character field similar to the ASSIGNMENT field).
Des.vendor (Desired Vendor)	R	Enter desired vendor number, if unknown use matchcode  button for possible entries.
Fixed vendor	N/A	This field should be left blank. Use Des.vendor field.

Click on checkmark  button or use  button to expand Item details.

Warning message

Field Name	Required (R) / Optional (O)	Description of Field Content
	O	Multiple Account Assignment allows purchase requisition line item to be split among several different accounts. The distribution can be carried out by quantity or by percentage. To display or print the procedure for multiple account assignment, click here : Multiple Account Assignment.
	O	Repeat Account Assignment allows purchase requisition to use the same account assignment for several or all requisitioned line items. To display or print the procedure for repeat account assignment, click here : Repeat Account Assignment.
AcctAssnCat	R	Enter K (cost center) or F (internal order). For other account assignment category use matchcode button for possible entries. Data on this field came from Item overview screen of the same field name.
Distribution	R	Distribution indicator how the quantity and value of this purchase requisition or purchase order are apportioned among the individual account assignment items. Use

		matchcode  button for possible entries.
Unloading point	R	Enter the room and/or floor number where the goods or services will be delivered.
Recipient	R	Enter the name of the person receiving the goods or services.
G/L account no.	R	Enter the G/L account number identifying the type of expense. <i>For Material Group - RADIATION , use G/L 825700 .</i>
Business area	R	Business area will default based on the cost centre entered. All areas except the ancillary operations enter business area 1000.
Cost Center or Internal Order	R	Enter either the cost center or internal order number that the expense is to be posted to.
Commitment Item	R	Commitment item defaults from the G/L account entered and should not normally be changed. The commitment item must be changed to post expenses against budgets in specific commitment items (i.e.; EXP-UTFA, SPECIALS). When a commitment item is changed a warning message will appear. Hit enter to acknowledge the warning message and continue.
Funds Center	R	Enter the funds center number that the expense is to be posted to. The funds center identifies the budget which the expense will be paid from. (Note: When fund centre and fund are both entered the expense is posted against the budget in the funds center/fund combination).
Fund	O	Enter a fund in combination with a funds center to post the expense against the budget in the funds center/fund combination. A fund cannot be entered without a fund center.

Choose Valuation Tab.
